

Mini Yo! Wandering through the Jungle

Moves

Tree – Lion – Cobra – Elephant

Story

We're wandering through the jungle and what can we see;
Everywhere we look, there's a great big tree.
We're wandering through the jungle and what can we see;
We look behind us and there's a Lion chasing me.
We're wandering through the jungle and what can we see;
Slithering along the ground, a cobra goes past quietly.
We're wandering through the jungle and what can we see;
There is an elephant running straight into a tree.

We laugh and laugh and laugh and jump for joy and glee and wander back through the jungle, what did we see?

Did we see A Tree?

Did we see A Lion?

Did we see A Cobra?

Did we see An Elephant?

Oh, what fun we had today wandering through the jungle.
We'll have to come back again soon to see what we can see.

The End
